

Summer 2022

Cambridge School
Learning for life, Learning for work.

Dear Parent/Carer,

We smashed it! Reading this newsletter will convince you that we have had our most successful year since I started as Head teacher in April 2015. We have survived a pandemic and a heatwave and can go into the summer holidays with a sense of pride and achievement. Preliminary examination results are looking very promising indeed, but we have to wait for the examination board to verify the marks. I expect to be shouting from the Cambridge rooftop about the achievements of our students in September! So many of our students have surpassed expectations this year and exceeded their academic and social targets, particularly in the area of communication. Two classes really stand out from the crowd for special mention, Seacole and Akala. Seeing Seacole students get out into the community safely and happily has been a joy and hearing them find and use their voices has been a delight! Akala is our most improved class with their inspiring assemblies and filmmaking skills. These classes highlight what can happen when you have the highest expectations and determination to succeed. Other highlights this year include Prom, Sports Day, residentials and student-led assemblies. Our students performed at the Royal Albert Hall and produced our very first Easter play.

We say goodbye to a brilliant Year 11 cohort as they go on to new challenges and adventures. Seeing their growth to responsibility and maturity has been a privilege. I wish every one of them the best of luck in their endeavours. Sadly, we say goodbye to some excellent colleagues. Darragh Sinnott has made a big impact in his year as our Occupational therapist, Corey Munroe has grown into a talented and skilled Teaching Assistant, Andreas Petrou is the coolest Lead Learning Mentor you could hope for, always calm and gracious and Catherine Smith has been a wonderful teacher and Transitions Lead, nurturing Year 7s and new staff with warmth and wisdom. All of them will be missed greatly, but they have all made a huge contribution to Cambridge and I am grateful for their service. Thank you all!

Have a wonderful summer break and I look forward to seeing you all for the new school year in September.

Yours sincerely,

Alan Campbell, Head Teacher

Mandela Class

This term Mandela have been focussing on experiments in science. So far we have created Carbon Dioxide, tested cooling and melting ice against time, created electro magnets, and dyed flowers to show how they absorb water from the roots and many others.

So for dropdown week we decided to investigate the science of giant soap bubbles. Students created their own bubble rings and then created bubble mixture using a ratio of 15:1:0.25 of water, soap and glycerine before seeing who could create the largest bubble.

The Science; “A bubble is made of a very thin sheet of soapy water called a soap film. Soap molecules line up on the inside surface and the outside surface, and trap water molecules in-between – like a molecular sandwich.

Book Fair

Cambridge School hosted a Scholastic Book Fair in May. It was a great experience for the students and staff alike. The students had a lot of positive things to say about it:

“It was amazing! There was a great variety and the prices were reasonable.” Cameron F (Akala Class)

“It was fun. I bought ‘Wonder’, it’s a fantastic book.” Rio (Franklin Class)

“They had cool stuff there.” Theo (Shakespeare Class)

“It was great, I can’t wait for another one!” Sameeha (Angelou Class)

Many purchases were made which provided the school with a descent commission allowing classes to select some ‘free books’ for their class libraries. Many thanks to all the parents that were able to give their children money to spend at the Fair; we hope to have another one later this year.

Jack Petchey Achievement Award

Latrell

Congratulations to Latrell and Harry for winning the Jack Petchey Achievement Award this term.

Harry

London Youth Games

On 16th June, we sent two football teams to the London Youth Games, one boys' team and one girls' team. Both teams did themselves and Cambridge School proud by reaching the quarter finals. Each team had to win three games to reach that advanced stage in the competition.

The staff praised both teams for their excellent behaviour and sportsmanship, initiating post match handshakes with the opposition. The boys in particular were said to be impeccable. All the players performed to a high standard but special mention must go to top goal scorers Ibrahim El-Amrani and Aaron Jamieson for the boys and Candiie-Mai Easton and Shantaiyah Charles-Thomas for the girls.

All of the players thanked Wayne Archibald for being an outstanding coach and Giles Craig for organising the trip.

Nightingale

Students in Nightingale wrote a review of their year or last years at Cambridge School. They wrote about good times, achievements, difficult times and what they will miss.

Felipe, year 10: “The past year was good for me because I started to do exams, BTEC’s, birthday parties and Work Experience.”

Musa, year 11: “The thing I achieved is making a lot of friends and standing up for myself against bullying.”

Hussein, year 10: “My achievements were doing and passing my Maths exams and improving my reading.”

Chloe, year 11: “The difficult time was lockdown that we couldn’t come to school and so online learning.”

Keiran, year 11: “The first time I came to Cambridge School, I wasn’t behaving myself, but now I’m mature and I feel ready to move on.”

Ellie, year 11: “My best times were going bowling and Pizza Hut, Residential trip and Work Experience.”

Sophia, year 11: “I will miss the teachers and my friends from Cambridge School.”

Damien, year 10: “The best time this year was the Residential trip where we had a nice dine experience and played laser tag.”

Kieran, year 9: “I have achieved some awards and certificates this year in school.”

Amira, year 11: “The good things were being in BTEC and doing Art. I have achieved my BTEC Art and Childcare certificate.”

Columbus

It has been a busy, but very positive summer term for Columbus class. Columbus have worked super hard and have officially completed all of their English and Maths examinations in June.

Aside from English and Maths, Columbus have been taking part enthusiastically in their Food Technology lessons, cooking a range of recipes, including pizza!

In Life Skills, our Year 11 learners have been learning about customer service and the workplace. They took part in role play to demonstrate their new knowledge and skills with these areas.

Friday 8th July, Cambridge school held a Prom for Year 10s and Year 11s, where the staff and students partied the night away, to celebrate the end of a wonderful, successful year.

Columbus are excited to go on a couple of trips in this summer term – Oxygen, Trampoline Park and Cinema ... What a great way to end the year!

Rashford

Rashford Class enjoying their learning in the water as part of their AQA Enrichment Education, We have learnt about safety first when near or on the water and how to enter the water correctly. This was fun, especially on hot afternoons. We have learnt to capsize the Kayak correctly by using our paddles. There were many attempts to get in and out of the Kayak the proper way. Who said learning isn't fun?!

ParentMail

Attention all parents!

Download the ParentMail App
for the best way to pick up school messages

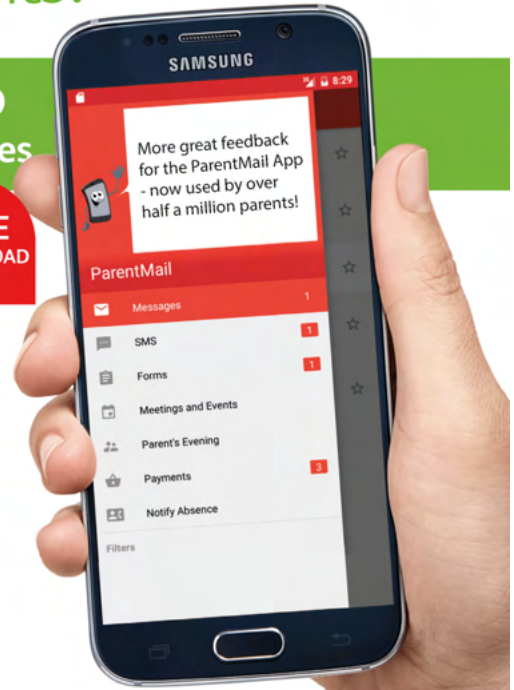

"Great App to compliment the web!
It's so convenient to have all the
ParentMail services in my pocket!"

"Works perfectly! Texts, emails & newsletters all
come through. I can even make appointments
for parents' evening. Fantastic!"

FREE
DOWNLOAD

Please note: If you are not already registered, you will need to register online on the ParentMail website before trying to access the App. Please ask the school office to send you a registration message

Rowling

Natalie and Sultan during an Art Lesson on Japanese art painting blossom trees

Over the years the school has been able to have cycling organizations offer cycle programs to the learners at Cambridge. This academic year the service has been provided by Bikeability.

Bikeability is **the government's national cycle training programme**. It helps you learn practical skills and understand how to cycle on today's roads.

Bikeability gives everyone the confidence to cycle and enjoy this skill for life. For all levels of experience. Qualified, expert instructors.

The learners at Cambridge covered, balancing, the correct side on which to mount a cycle, the use of brakes and the general handling of their bicycle. All lessons started within the grounds of Cambridge School (playground) before progressing to the local park across the road. Bikes and helmets were provided for the lessons as well as qualified friendly instructors.

The learners all look forward to their weekly hour-long session. They have expressed feelings of excitement and happiness whilst waiting for Friday to arrive. They say the lessons are fun and make them feel good about themselves and all are proud of their accomplishments. The summer term has seen 16 learners taking part in the sessions, 7 of whom had no previous experience cycling. 10 learners can now cycle confidently in the park, 3 within the playground and 3 are still at the balancing stage overcoming their fears.

WELLDONE EVERYONE, IT'S BEEN AMAZING WATCHING ALL YOUR HARD WORK AND PROGRESS. (Miss Peche)

At Cambridge school a fair number of the staff cycle to work too

Einstein

Dare to Share!

The BLINK Company came to Einstein every Wednesday afternoon with their “Dare to Share” project. It was a highlight of the week for Einstein, and there was many smiles and laughter for the 5 weeks BLINK Company came to our class. The biggest smiles came the 6th week, when we visited our pen pals from Jack Tizard. It was very exciting to meet another class that had done the same project, and Einstein showed off amazing dances they had created and shared many good times with their new acquaintances in “Dragon Class”.

Fun and learning in the sun!

There has been many warm days, and that has not stopped the hardworking students of Einstein to learn! We have learned about light, day, night and space in Science. Einstein's favourite lesson was about shadows, where we used the amazing weather to do some “Shadow Painting” and learn about the movement of shadows. The students took the assignment very seriously and made great shadow paintings. When the lesson was over, we had some fun in the sun and learned how to create bubbles.

Fairy tales and stories

Einstein has been really engaged in fairy tales. We have read, learned to build our own and done performances in class with scripts and fun! Some of the favourites have included: The three little pigs, Gingerbread Man and Ashlad and the Good Helpers.

Phonics Games!

Einstein has been working a lot with phonics this year! Phonics is a very important tool in our reading and spelling, and we have found many different ways to make it fun and engaging for all. Einstein enjoys the "Phonics Game Show" the most, either with letters or whole words.

Electric Scooters

It is currently against the law to ride an e-scooter on a public road or pavement.

We understand that buying an e-scooter can be tempting, especially as you can buy them from many popular retailers.

Current law

You can buy an e-scooter, but you cannot ride it on a UK public road, cycle lane or pavement. The only place an e-scooter can be used is on a private land.

Why is this?

E-scooters are classified as Personal Light Electric Vehicles (PLEV's), so they are treated as motor vehicles and subject to the same legal requirements such as:

- MOT
- Licensing
- Tax
- Insurance

As e-scooters do not have numberplates, signalling ability and do not always have visible rear lights, they cannot be used legally on the roads.

What happens if I'm stopped by the Police

The Police will advise you of the current law about how to use an e-scooter legally and ask you to take it home. They may however still penalise you depending on the nature and gravity of the offence.

E-scooter trials

The UK Government is currently taking part in 'Future Transport Zone' trials for e-scooter hire, with a view to making them legal to use on the roads.

Enquire with your local authority for a trial closest to you.

Shakespeare

This year Shakespeare class have explored the curriculum with multisensory and kinaesthetic learning activities. We have utilised our local community to explore shadows and light in science, by drawing around our shadows and investigating how they change.

We have used art to inspect 3D shapes and their vertices, edges and faces by creating clay models of shapes.

Whilst older students attend their BTECs, the afternoon cohort have worked to expand their life skills by shopping, cooking and reviewing easy snacks and light meals.

We have seen our students develop into more mature and independent versions of themselves; taking responsibility for their own emotional regulation and making decisions for their futures in their BTEC choices for next year.

MultiSports

Here at Cambridge School for the last two terms we have been super lucky to have Ealing Trailfinders coming in to deliver and teach multi sports clubs. Our students have been able to involve themselves with sports such as Frisbee, American Football, Rugby, Cricket, Basketball and Football, as well as working on our spatial awareness, lateral moving, throwing and catching, and I could go on and on! Sport and exercise is on the rise here at Cambridge school, and looking forward to September, we will be continuing with Ealing Trailfinders, and the development of our amazing students.

By Harrison Slater

Hospitality

A large group of students attended a Hospitality Industry Taster Careers Fair at Hammersmith College in April. Students took the opportunity to sample different food from across the globe and meet professionals to discover how to break into the industry. All of the students behaved impeccably, but our star performer on the day was Liam Passmore from Armstrong class who came third in the sushi rolling competition and gave a confident and articulate interview on camera about the day and what he had got out of the experience.

It was a “proper” performance from the young man who used humour to win over his audience.

PROM 2022

2022
class of
CONGRATULATIONS!

HUGE Thanks to everyone involved in putting together such a splendid evening!

Angelou Class

Angelou class had many new students and staff members in September and now everyone is an established members of the Cambridge community. Like everyone else, we cannot believe how quickly this school year has gone and how much we have all learned. It is safe to say that everyone has had a fantastic year, with all students making great progress both academically and socially – so well done to them.

We have continued to work hard and tried to enjoy the weather, when it was safe. It gave us the opportunity to extend our learning outside and into the local community, which is always fantastic. The students have been working hard on a 'space story' that combined both speech and language therapy with occupational therapy, while learning something and enjoying themselves. It proved to be very popular.

Ms Becca has been focusing on the students' fitness in PE lessons and despite their complaining everyone took part and gained some stamina in the process. The class have enjoyed their PE lessons so much this year and are beginning to see fitness as an important part of the sports that they like playing so much.

Angelou class is very supportive of Pride month and our students have developed their understanding and tolerance of LGBTQ+. The fabulous photo of Zion shows him coming to school in his own clothes for Pride day and looking like the incredibly, smart young gentleman that he has become.

Angelou class continue to have one of the best attendance records in school, so we would like to thank our Parents and Carers for their support. This is such an achievement for our young people and also a testament to their Parents' and Carers' commitment to their children's' education.

Angelou staff team would like to take this opportunity to thank our students and Parents/Carers for a brilliant year which has been our privilege to be part of. We hope you all have a wonderful, peaceful and relaxing summer holi-

Transition

Green Pod welcomed our new year 7 students for their first Transition day that has continued over 3 weeks. The students took part in games, fun activities, team building exercises and had great fun getting to know each other whilst getting comfortable in their new learning environment of their next chapter after primary school.

Residential Trips

Seacole

As part of life skills accessing the community, we visited few places around the school. Seacole class enjoyed visiting the park and following road safety rules.

Seacole class have developing their individual and teamwork skills.

We've played a lot of games to develop turn taking.

No we can this summer?

We're a space to explore who you are and who you want to be.

Where you feel at home, no matter where you're from.

Where you can meet new people and step out, step up and raise your voices together, to make a positive difference where you live.

We're a space to grow and learn, with the experiences to help find your footing in the world and leave a lasting print.

We're online, IRL, community focussed and driven by young people like you.

We're here to help you say 'No We Can' so you can smash all the big moments that lie ahead - from your last days of school to your first days on the job - giving you what you need to become world ready and work ready

So, what are you waiting for? Find your space...

Things To Do During The Holidays

Have your kids ever dreamt of becoming a Fire Fighter, a Surgeon or the next Acting Sensation?

KidZania is the UK's first educational entertainment experience where children aged four to fourteen can learn real-life skills in a 75,000sq ft. child-size city built just for them.

From the Aviation Academy to the Radio Station, Police Station or Hospital, the city streets are lined with real-life establishments. Watch the excitement on their faces as kids explore more than 60 unique and exciting professions through real-life role play adventures in a fun and safe environment.

For more information go to <https://kidzania.co.uk/>

**Book your tickets at the KidZania Kiosk on First Floor at:
Westfield London Shopping Centre, Ariel Way, White City, London W12 7GA**

The Museum is a great place for your family to have fun together and discover the history of London's famous transport network. You can visit the Museum 363 days a year. Adults can buy a season ticket for 12 months, and young people under 17 go free! Children under 12 must be accompanied by an adult.

Every school holiday parents, carers and children can make-and-take in our craft workshops, and join in with our latest story time tales.

Visit <https://www.ltmuseum.co.uk/learning/family-learning> for full details

Workshops for Young People

CHICKENSHED

Theatre Changing Lives

Whether your child is on the waiting list for our Children's or Youth Theatre, you're looking for something to keep young minds stimulated during the school break or your kids would simply like to dip their toe into the world of inclusive theatre, Chickenshed's performance workshops are the perfect place to start.

<https://www.chickenshed.org.uk/Pages/Events/Category/workshops-for-young-people>

School Uniform

Please donate to the school any unwanted items of school uniform in a good condition. Trainers of all sizes are also welcome. Thank you!

Turing

During the Summer Term, Turing Class students have developed their life skills regarding Access in the Community and have practiced how to cross the street by looking at left and right before crossing, and used the zebra crossing plus an island crossing.

The learners have gone to Sainsbury's to buy food from a supermarket, as well as learning how to use money/credit card, requesting help from shop staff when needed. The students studied about how to collect medicine with a prescription from the Pharmacy. For this, they visited a Pharmacy and they were explained how this prescriptions are filled by the doctor at the GP; then, a kind pharmacist gave them an example of a GP prescription.

The learners have also been practising their cycling skills, in school and in the local park.

As a reward of good listening and following instructions and finishing all their work we took the class for a school trip to bowling, organized by their class teacher Mr. Diego. On the 7th of July the class went to **Tenpin Bowling Acton**. They travelled on public transport to Park Royal. They all brought to school their zip oyster cards and walked from Cambridge school to the local bus stop. Travel was a unit in our Life Skills lessons so the trip allowed the class to use all the skills we had covered during this topic.

We divided up into two groups for bowling with 2 members of staff in each group. The class has grown as a group developing bonds and forming obvious friendships. There was team spirit, zero rivalry and lots of cheering for one another. Maths skills were used as they all checked the score board (**still learning whilst having fun**)

They thoroughly enjoyed themselves!!!

Summer Fun

HAMMERSMITH COMMUNITY GARDENS SUMMER PLAY SCHEME

Drop in nature play activities for children aged 12 years and under

When & Where?

WEEK 1 BIG BUTTERFLIES

Tuesday 26th July | 10-12pm + 1pm-4pm
Godolphin Garden

Wednesday 27th July | 10-12pm + 1pm-4pm
Loris Gardens

Thursday 28th July | 10-12pm + 1pm-4pm
Ravenscourt Park Glasshouses

WEEK 2 GREEN EXPLORERS

Tuesday 2nd August | 10-12pm + 1pm-4pm
Godolphin Garden

Wednesday 3rd August | 10-12pm + 1pm-4pm
Loris Gardens

Thursday 4th August | 10-12pm + 1pm-4pm
Ravenscourt Park Glasshouses

WEEK 3 BUZZY BEES

Tuesday 9th August | 10-12pm + 1pm-4pm
Godolphin Garden

Wednesday 10th August | 10-12pm + 1pm-4pm
Loris Gardens

Thursday 11th August | 10-12pm + 1pm-4pm
Ravenscourt Park Glasshouses

WEEK 4 WATER WORLD

Tuesday 16th August | 10-12pm + 1pm-4pm
Godolphin Garden

Wednesday 17th August | 10-12pm +
1pm-4pm Loris Gardens

Thursday 18th August | 10-12pm + 1pm-4pm

Internet Safety Tips For Parents

Ask your children to tell you what websites, social networks and apps they use and what they like doing online.

Ask them about how they stay safe online. What tips do they have for you and where did they learn them? What is OK and not OK to share?

Ask them if they know where to go for help, where to find safety advice, privacy settings and how to report and put a block on the services they use.

Encourage them to help you! Perhaps they can show you how to do something online. Explore the internet together. Are there activities you could enjoy as a family?

Internet Safety Tips for Parents

DON'T BLOCK

Avoiding technology is not a practical solution.

COLLABORATE

Take an interest in your child's digital interests and favourite apps or sites. Consider co-viewing or co-creating at times.

BE THE PARENT

You're in charge. Set boundaries and consider filtering software.

YAPPY

Teach privacy: Your full name, Address, Phone number, Passwords, Your plans

Digital Citizenship & Internet Safety TIPS FOR PARENTS

RULES

Create a family media agreement with tech free zones such as cars, bedrooms and meals.

CRITICAL THINKING

Help children filter information and navigate fact from fiction.

LEARN

Explore reliable resources for parents so you can educate yourself.

UNPLUG

Balance green time and screen time. Focus on basic developmental needs.

COMMUNICATE

Work with your child to navigate digital dilemmas. Encourage open communication and avoid using devices as rewards/punishments.

13 +

Don't support your child to sign up for 13+ sites if they're underage.

Don't forget
YOU ARE A ROLE MODEL

Counselling and Well Being Support Service

KOOTH, free online only Counselling and Well Being Support Service

KOOTH can provide presentations on this service and how it can help, to young people, staff and/or parents. **All FREE.**

KOOTH.com is a FREE, Online only Counselling and Well being Support Service :

- Providing online only, anonymous, confidential counselling and support service, for 11-19 year olds in Kensington, Chelsea, Westminster, Hammersmith and Fulham.
- The site can be accessed 24-7, for counselling, advice, information, self-help tools and static forums (message boards).
- Counsellors are available FREE from 12-10pm Monday to Friday and 6-10pm Saturday & Sunday 365 days a year.
- There are live peer lead discussion forums Monday, Wednesday and Friday 19.30-21.00. All of which are monitored by a practitioner, to ensure best practice.
- All Counsellors are experienced and registered accredited by BACP or equivalent.
- There is no waiting time for support
- It can be accessed FREE through mobile phone, tablet, or laptop/computer
- Young People can be linked to specialist local services if this is required.

Safeguarding is paramount, and all staff are dedicated to ensuring best practice.

Access <https://kooth.com/> to register.

Please feel welcome to contact Gilli Hawdon if you have any queries, to arrange a meeting, or if you would like resources at ghawdon@xenzone.com or ring on her mobile: 07983556071
