Dear Parent/Carer,

We are looking forward to seeing as many of you as possible at our Tender : Re-SET workshop for parents and carers in school on Wednesday 22nd May between 5 and 6pm. The theme of the parental workshop is managing emotions, both your own and those of a troubled teenager. We are all aware of how challenging the changes brought about by puberty and growing pains can be and these are amplified for students with additional needs and the extra layers of complexity. We are also hosting class tea parties for parents and carers to come in and spend informal time in classrooms to see how we work and how our students learn and progress. Parental engagement is one of our key improvement areas and we want to welcome you into our school so that we can build respectful, trusting relationships and work in partnership to give your child the best possible education.

The senior leadership team have been visiting classrooms this week to look at the quality of learning and teaching in Maths and it has been very pleasing to see how well students are being prepared for independent living through the functional maths curriculum. I particularly enjoyed Einstein's lesson where students earned "money" for completing tasks in class and could then spend it in the class shop, having to budget, calculate whether they had enough and check if correct change was given. Rowling class were also very focused on learning the skills necessary to pass their Entry Level Maths exams. End of Year Science exams took place this week and I was impressed with the maturity and sense of purpose displayed by our students.

Have a lovely weekend and enjoy the sunshine whilst it lasts!

Yours sincerely,

Alan Campbell,
Head Teacher
